How does our Week Run?

Each Week the camp will run on a different theme this means that the activities and adventures link around the sport, we understand children might be at different levels and all the activities are by choice, alternatives will be available.

Every Day At Camp We aim to have

- 2 Sports and Action Sessions
- 2 Experiment Labs
- 2 Arts Sessions.

These are changed Every Week to provide a new experience each week. An Example of a week is shown Below please Bear in mind we structure each group different times to speed up and day excursions will be dependent on age. For Example Coasteering will offer – Zip line into the Sea, Kayak, Sup, Aquarium Where as the Climbing week would be Rock climbing, dock 39.....

Health & Safety is our number 1 priority

We put your child's Safety at the Top of our priority list. With the campus being held in different venues you have monitors of camp to look after the children but also qualified personal and equipment in activities of risk. All of them used to running activities with different abilities and ages. Which is what makes Experience Mallorca No 1 in adventure Sports Tourism and our camp so special.

What's New for 2023?

Like past years we listened to our parents and children and are committed to improve.

- Rather than drop our standards with rising prices we know our children deserve to have fun and will continue to offer 3 days off campus.
- We will have more specialists joining us at the school for specialist sports such as martial arts experts.
- Experiment Lab – Lots of science, explosions and fun
